

A close-up, artistic illustration of a woman's face and shoulders. She has long, voluminous, wavy hair in shades of pink, magenta, and purple. Her eyes are closed, and she has a gentle, serene smile. The background is a soft, ethereal glow of pink and purple light, suggesting a celestial or dreamlike atmosphere. The overall style is soft and painterly.

Dedication

To all of us who can hear her in our hearts.

My heartfelt recognition of my sweet girlfriend Fiona who's always there for me. Of my family who love and support me. Of the lovely beings of the Infinite Roots coven, full of kindness and inspiration. Of my teacher Maitri who's opened my consciousness to so much love. Of Katya, who awakened the spark of visual design in me, and shares my love of the night. And of my sweet Smriti, who lovingly insisted I write this book.

To the reader

To the reader

First of all: thank you for picking up my book.
Thank you for your trust.

I want to honor that trust by taking you on a journey with me. A journey into my emotional landscape, into how I experience and celebrate the beauty in everything. Because there is beauty in everything, in darkness and light, in pain and wonder. So take my hand, and let me show you something!

With love,

Celestia Moon

Glimmerings
in the night.

*Gentle words heard in a dream,
shining in the soul...*

*This is a collection of poetry from
the subconscious of a girl who saw beauty in
everything. Who saw the handprint of a loving
goddess everywhere she walked. Even if most of
the time she had to walk alone... she was not like
others, in so many ways.*
